February 23-24, 2021 Virtual Event

Undergraduate Research Day will showcase the ongoing research of students enrolled at universities across the state. Event details and registration information will be posted in mid-January.

Purpose: To showcase the experiences of undergraduate students engaged in research for Texas legislators and the public through high-quality virtual poster displays. The program will highlight how research conducted by undergraduate students positively impacts Texas -- and Texans -- with the theme: *Transforming Texas Through Undergraduate Research*

Overview: Approximately 100 research projects will be featured online with their poster format, reflecting the work of numerous undergraduate students representing general academic and health science center institutions across Texas (both public and private/independent universities and colleges)

Student Participants: One student/one student team per institution will be selected by their institution and invited participate (up to two students/teams for each research/emerging research university)

Organizers: Coordinated by the Council of Public University Presidents and Chancellors (CPUPC) and the Independent Colleges and Universities of Texas, Inc. (ICUT). Virtual technology and support services provided by The University of Texas at Austin, Office of Undergraduate Research/School of Undergraduate Studies

Event Summary: Student participants are encouraged to work with their institution in scheduling meetings with their respective legislators in conjunction with the event.

Hosted by:

- The Council of Public University Presidents and Chancellors (CPUPC)
- The Independent Colleges and Universities of Texas, Inc. (ICUT)
